Program Outcomes Support Your Career Growth

BUILD THE CORE SKILLS AND COMPETENCIES THAT EMPLOYERS DEMAND

Decision Analysis: Use financial and other information to make and justify business decisions.

Risk Management and Investment Analysis: Identify financial risk and create a plan to minimize exposure.

Leadership: Apply financial theory to facilitate overall guidance of an organization and improve day-to-day processes including the interpretation of financial data.

Ethical Practices: Comply with laws, regulations, and financial principles while developing and living by a personal code of ethics.

Communication: Compose and report clear and accurate financial information to stakeholders.

EXPAND YOUR OPPORTUNITIES

Gain the credentials, skills, and knowledge you need to pursue senior and leadership positions in finance. The curriculum develops your understanding of the factors that influence high-level decision making, as well as critical thinking used to find solutions to complex financial problems.

PREPARE TO SIT FOR CFP® CERTIFICATION WHILE EARNING YOUR MASTER'S DEGREE

The program's financial planning concentration meets the specific criteria for educating individuals who wish to fulfill the education component for obtaining CFP® certification. After successfully completing the Master of Science in Finance, you must register for and complete FP107: Financial Plan Development, provided by Kaplan Financial Education, if you wish to meet all education requirements necessary to sit for the CFP® Certification Examination.³
