

RISE TO LEADERSHIP WITH AN MSN DUAL DEGREE

Elevate your expertise by pairing your Master of Science in Nursing (MSN) with another master's program to earn two respected master's degrees. Since the graduate programs share common core courses, the credits you earn apply toward both master's degree programs.

- **MSN-Master of Business Administration (MBA) Dual Degree**
- **MSN-Master of Health Care Administration (MHCA) Dual Degree**
- **MSN-Master of Public Health (MPH) Dual Degree**

Coursework is 100% online, giving you the flexibility your busy schedule demands. Gain hands-on experience through your MSN clinical that you can complete at your workplace or other convenient locations.

Build Your Credentials as a Nursing Leader

The MSN dual degree options include the nursing executive leadership concentration, which focuses on the principles of personnel management, policy development and implementation, budgeting, and information technology. All MSN dual degree options include the following nursing courses:

- Advanced Nursing Roles
- Theoretical Foundations of Advanced Practice Nursing
- Scientific and Analytic Approaches to Advanced Evidence-Based Practice
- Clinical Epidemiology and Population Health Promotion
- Health Policy, Ethical, and Legal Perspectives of the Health Care System
- Promoting Optimal Models and Systems for Health Care Delivery
- Innovation in Health Care Information Technology - Administrative and Advanced Practice Priorities
- Applying Principles of Advanced Nursing Practice - Clinical
- Evaluating and Disseminating Principles of Advanced Nursing Practice - Clinical

The master's degree in nursing program at Purdue Global is accredited by the Commission on Collegiate Nursing Education (www.CCNEAccreditation.org).
