

## **Purdue University Global ABAI® Annual Reporting:**

### **January 1, 2024 – December 31, 2024**

These data represent the annual reporting information required by the Association for Behavior Analysis International (ABAI) for the Bachelor of Science in Psychology in Applied Behavior Analysis degree program.

<b>Item</b>	<b>Measure</b>
<b>Number of students whose degrees were conferred</b>	260
<b>Median years until graduation for students whose degrees were conferred</b>	2.6
<b>Number of students enrolled in the program</b>	993
<b>Number of students no longer enrolled for any reason other than conferral of degree</b>	653
<b>Number of completed applications received</b>	332*
<b>Number of students admitted</b>	332
<b>Number of first-time candidates sitting for their Board Certified Assistant Behavior Analyst (BCaBA) examination</b>	37
<b>Percentage of first-time candidates passing the BCaBA certification examination</b>	32%
<b>Number of graduates obtaining a bachelor-level state license as a behavior analyst</b>	N/A**

\*Note: This number matches the “Number of students admitted during the reporting year” due to Purdue Global’s open admissions process. Only applicants who meet the university’s general admissions criteria are counted as applicants to the BS in Psychology in Applied Behavior Analysis program; therefore, all completed applications result in admission.

\*\*Note: Purdue Global does not track this outcome due to variation in state licensure requirements and the program’s fully online format serving students across multiple jurisdictions.
